

Wroclaw 17.05.2010

Dear Friends,

Like every of last six years we come to you with great news – very soon we will all meet again during the 7<sup>th</sup> edition of our camp. This year **Basketball Referee's Camp** will take place in dates **15 - 18 of July in Krakow, Poland (very touristic and historically important place for Poland)**. We plan to start the camp on 15th around 13.00, and finished around 15.00-16.00 on 18th.

Yet again we will be able to present a fantastic group of **Top European Instructors** from **Euroleague, FIBA** and most probably **NBA**. We are sure that this group guarantees a big opportunity of improvement for every participant.

This year at the same place and the same time as our camp will take a place **Euroleague Clinic for new candidates**. There will be a lot of possibilities to exchange views with some more experienced referees who are close to officiate the best league in Europe. Even some lectures we will organize together with Euroleague Clinic.

You will have lectures and practical trainings on the court. This year we will have many games so there will be more chance to work individual with every referee. During the lectures we will focus mainly on the quality of the calls and officiating techniques. But also we will talk over 3 man mechanics and listen to many advises from experienced referees and instructors.

We will try again to use on the court **live connection between instructors and referees**. You will hear comments immediately when you are still on the court. All the games will be recorded and there will be a chance to work with video materials immediately after refereeing.

Some lectures sessions will be conducted by experienced basketball coach from one of the top clubs in Euroleague. In our opinion this is a very refreshing and educational to listen to the views presented from the coach's side.

We expect referees from many countries and the main language at the clinic will be English.

More details about the camp will be very soon available on the website:

**[www.referee.pl](http://www.referee.pl)**

You can also find information, pictures and other details about camps from past years.

If you or any of your colleagues is interested in our camp, please fill in the Application Form on our website([application form](#)). If you have some questions please contact me via email: [kuba@referee.pl](mailto:kuba@referee.pl)
